Revenue Shift% after Product Launch

● Increase ● Decrease

- The Original Mr. Fuzzy consistently drives the majority of revenue and primary orders across all years and it remains the core product
- Hudson River Mini Bear has the highest gross margin (67.95%) and lowest refund rate it is the most profitable and reliable product in the portfolio
- Forever Love Bear was the only product launch that decreased revenue (-6.8%) post-launch, suggesting it attracted existing customers rather than new ones
- Mr. Fuzzy and Birthday Sugar Panda are most frequently bought together (2,036 pairs) It presents strong cross-sell opportunity between these two

Refundrate by product_name

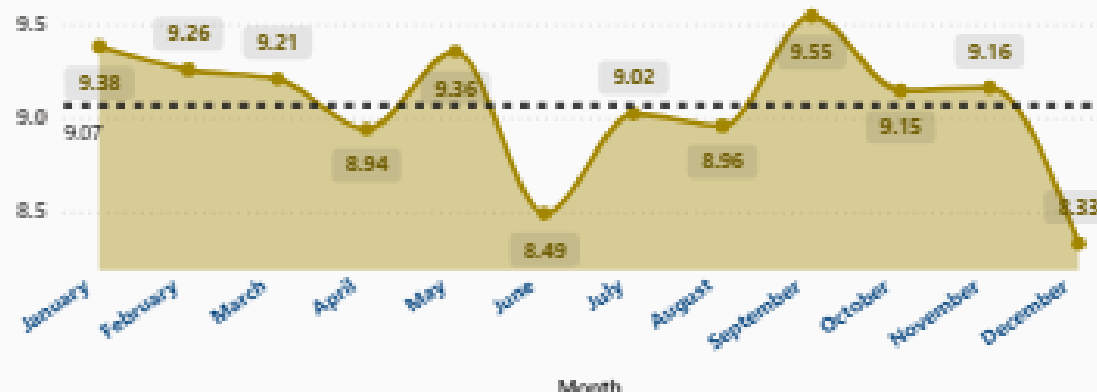

Refundrate by Quarter

- Birthday Sugar Panda has highest and most consistent refund rate across all quarters. Customers are either getting faulty product or they are disappointed when it arrives.
- Mr. Fuzzy's refunds spike in Q3 specifically for primary items while secondary item remains unaffected it points to seasonal shipping and packing process with the core product.
- Hudson mini river is a benchmark it has lowest refund rate across all quters and in both item types(primary or secondary)
- Secondary or add on items refund rate is significantly lower than rate than primary items
